PROJECT

United Nigeria Youth Congress

Location: Abuja Nigeria | **Period:** 2nd December 2025

Principium Consults Ltd delivered a Leadership Training Programme for the leadership team of the United Nigeria Youth Congress. The training focused on strengthening leadership capacity, promoting accountability, and building a culture of principled leadership for sustainable organisational growth.

Through the YOU ARE THE ONE principle, participants were encouraged to recognise that effective leadership begins with personal responsibility, self-discipline, and the willingness to lead by example.

The programme also emphasised the importance of Principles, Policy, and Ideology (PPI) as the foundation for building a unified leadership team, guiding decision-making, establishing consistent standards, and ensuring that individual actions align with the organisation's vision and values.
